Shutting down two of the nuclear power plants which used to provide energy for 1,400,000 users in Southern California has caused the monthly utility bills to increase by 17.6% starting June 2012 and will increase by 30% for the next two years.

We offer **\$0 Down Purchase Program**. The 30% Federal tax credit program and Utility rebate program is time limited and subject to restrictions, www.dsireusa.org. Call now! Get a free evaluation on a solar system and start saving up to 50% on your electricity bill.

1. The Title 1 Home improvement Loan is a secured loan approved by FHA.
2. Plus 1 Loan will have ZERO interest within the first 12 months.
3. Borrower can re-amortize the loan after rolling the 30% federal tax credit after the first year.
4. Please contact your energy consultant for more information: Phone 213-283-8828 or 877-365-2400.
